Dear Animals Lovers on Samui

July 2011

After a pretty intense time back in Germany, where Werner continued his ongoing eye treatment (Retinal detachment) and I had to be operated on the foot, we are very happy to finally be back on the island. It will take a minimum of six weeks until I will be able to get my way around the shelter again.

Martina and Stephanie (in the house in Chaweng), Jay and Linda and of course our manager Wit, have done a great job keeping things running smoothly while we were away.

Like already mentioned in our last newsletter, we are very lucky to have so many vets and vet student volunteers visiting us these days. Just today we had our 3rd vet student group in a row arriving from Canada. In fact they all go to the same university back in Canada and therefore know each other quite well. The group that has just left, passed on a lot of information and instructions as well as detailed notes about the animals with ongoing treatments. More operations are being done and injured and sick animals are being treated a lot quicker and often more intensively. Thanks to the great teamwork between our vet and the visiting volunteers as well as our long term volunteers we have been able to make sure that every animal gets a fast helping hand. Just shows how much work our vet normally has to perform almost singlehandedly.

Christina, Erin, John and Alex did great work over 2 weeks at the shelter

Luci, Jackie and Ashley will help us for one week

Operation list June 2011

Dog (Female)	Dog (Male)	Cat (Female)	Cat (Male)	Other	Total
119	8	15	4	11	157

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes

Brigitte
