Dear Animal Lovers on Koh Samui,

June 2009

GREEN SAMUI

Some of the hotels on the island have set up a project which should help to recycle as much rubbish as possible and to reduce the output of CO2.

An exhibition and celebration regarding this subject was organized on the 14th April at one of the schools on the island.

Since we get a lot of food leftovers from a lot of hotels and restaurants, we were happy to take part in this project.

There were about 500 students from several different schools and many of them showed interest in the work of the Dog Rescue Center.

The mayor Khun Ramnet Jaikwang and the president of the Thai Hotel Association in Samui Khun Reungnam Jaikwang showed interest in our Info stall and had a good look around.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists and everyone living on this island. Our four-legged friends are most grateful for your contribution!

Best wishes
Brigitte
