Dear Animal Lovers on Koh Samui,

December 2011

While Brigitte and Werner celebrated Christmas with their friends and family in Germany, we've been giving our best to make sure that also over the celebration days, the dogs and cats on the island get help if needed. Thankfully things have not been overly crazy over the last week and therefore the DRCS-Team has everything under control and things are going smoothly. A big thank you goes as ever to our manager, Khun Wit, who's doing a fantastic job keeping everything together and everyone in line!

We'd like to express our appreciation for all of you who helped us throughout the year. Be it through donating your time, money, food, blankets or your donations in any other form, it has all been greatly appreciated! Without your continued support life on Samui for stray dogs and cats would look very different.

Another year has passed, many dogs and cats could be saved and rescued and many puppies successfully found a new home through the DRCS. However, there are always a lot of little ones waiting at the shelter to

be adopted. We do our best to take in only vaccinated puppies and have them stay with foster parents until they finished our vaccination program. Then they come to our DRCS puppy house for adoption. In general this works very well, thanks to the advertising we do every day all around the island. Talking about advertising, if any of you have any information regarding the person who keeps taking down our advertising poster from the Tesco Lotos board, please get in touch with us and we will reward you with 1,000 Baht. Only when people come and adopt a dog we are able to continue taking new puppies in since our shelter is already packed full. If you're thinking about getting a dog or a cat, please come to visit us and give –not only our puppies- but also one of our many healthy adult dogs a new home. Most of those dogs dream of nothing else but their own family.

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
 DRCS - Team
