Dear Animal Lovers on Koh Samui,

June 2014

Steve Clack the founder of "Bent Marble Production" in New York visited our shelter and made a very nice video. Unfortunately we cannot send the link through our e-mail-Server at the moment due to some technical problems. Please go to our website www.samuidog.org. You will find the link on our homepage on the start page.

Steve Clack

For many years we have been fighting against ticks. Ticks are very dangerous for dogs and transmit illness. For the first time, we asked the people from the pest control to spray a special poison against ticks which is not dangerous for dogs. From now on, we will spray every month and we are really hoping that the new try will solve this problem for good.

It's unbelievable that such small insect can kill a big dog!

Operation list May 2014

Dog (Female)	Dog (Male)	Cat (Female)	Cat (Male)	Other	Total

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes

Brigitte and the Team
