Dear Animal Lovers on Koh Samui,

May 2015

Another month has passed and my husband and I are happy to be back on Samui (after our yearly trip to Germany) and be amongst all the animals again and of course it also feels good that our manager Wit, our great team of long term volunteers as well as our helpers have given their very best to keep everything together while we were away. I am also happy to announce that it looks like we have finally found someone who will take over some management at our shelter in Baan Taling Ngam and hopefully will commit to coming and check things at the shelter on a daily basis. While our 'outside and Temple Team' Linda, Jay and Tom have their hands full with treating and the care taking of uncountable dogs and cats outside the shelter, someone responsible enough to keep things together at the shelter has been missing. Stefan from Switzerland is a very dedicated volunteer and will support us with his time at the shelter. There is a lot to do and to check as well as organise every single day and we hope Stefan will be up to the challenge and makes it also for me and Jay who are working single handedly in the office a little more easy to keep up with often overwhelming work we have to get done – especially when it comes to the many dogs waiting at the shelter for their departure into a new home in Europe or anywhere else in the world, we could really use a helping hand with taking care of updates and pictures

for their future owners. I would like to say a big Thank You to the whole team who have done a great job while I was away in Germany – especially also to our volunteer flying in from Germany to stay in our house and office in Chaweng during this time. Martina did a great job and had everything under control, allowing me to have a bit of a holiday too. THANK YOU MARTINA FOR COMING TO SAMUI and we hope we can count on you again in the future, you did a great job as always!

Thank you very much for all your help. We hope we can count on your continued support so that we can make even more progress in the future. We believe our efforts to make Koh Samui more animal-friendly have made it a happier and safer place for tourists, for which the tourists are grateful. Our four-legged friends are most grateful for your contribution!

Best wishes
