

Dear animal lovers,

Stephanie Abrahamsson was from October 2015 until 7. February 2016 working as a volunteer at the Dog and Cat Rescue Samui Foundation.

Stephanie had 2 days in a week helping in the office and three days she drove with one of our Thai assistants over the island to vaccinate dogs and treat against mange, clean wounds, feeding them and pick them up for castration.

We were satisfied with her work.

Until to the day when we discovered what's going on, she lead donators on her private site to lead the money to her account.

Stephanie has deceived us.

On her private site www.rescuepawz.com she received money for cats and dogs and put it into her own pocket.

I didn't know anything about the site www.rescuepawz.com where the dogs from the Dog and Cat Samui Foundation <http://www.samui.dog.org> are "before and after" depict.

I also didn't know that she started collections and just told the doners about her site and her account.

Some animal friends asked me why shouldn't they transfer the money to our accounts!!! I wonder why!!! She didn't tell anyone that we also have other accounts.

On her site www.rescuepawz.com she told that the address of my house is part of HER organisation. That I will do something about this is clear!

She said she has an own organisation that works together with us. This organisation just exists on paper and it's only her. All of my dogs, she copied and posted them on her site.

I will communicate with the leader of the webpage and he will request her to immediately delete the dogs and also delete my address.

Note: In the meantime she took our dogs out and made some changes in the text.

We don't have anything to do with that fantasy organisation.

I got all the information's about her posts and the site from some people. They made me aware of her fraud.

Stephanie Abrahamsson knew that I'm very rare looking into facebook. Why didn't she post her actions on my site?

We expected that she takes care of our facebook, in the time she was working in the office: I. e. Inputting pictures, answer questions or whatever.

I unfortunately have not enough time to take care of facebook. I wish I had the time for that.

I discussed the affair with my housebound Werner, our president Khun Wit and the long time volunteers Jay, Linda, Stefan, Daniela, Marcus and Hans-Peter. They all agreed to discharge her.

I did it immediately

She never told me how much money she collected and what she did with it. The Dog and Cat Foundation Samui didn't get any money out of her posts. She used the money for herself. That the trick didn't got obvious she operated a dog and payed for it. She surely collected more money than that operation charged. She didn't want to tell how much money she collected and what she did with it. When you donated something to her you can be sure she put it into her own pocket and you are financing her holidays now.

THE DOG AND CAT RESCUE SAMUI FOUNDATION DOES NOT HAVE AN ACCOUNT IN SWEDEN!

We have accounts in Germany, Switzerland, Austria, Belgium, Italy, The Netherlands, Luxemburg, Australia, United Kingdom, Denmark, Finland and Thailand. http://www.samuidog.org/text3_english.htm

Who knows what Stephanie is currently doing and where she lives on Samui?

Is she still cheating animal friends in my name?

Contrary to her statement of 23 February 2016 on Facebook, she is still on Samui continuing her mischief.

She still indicates on her homepage <http://rescuepawz.com/> to have a separate organization that no longer works with us.

THE DOG AND CAT RESCUE FOUNDATION SAMUI HAS NEVER COOPERATE WITH HER ORGANIZATION!

As her organization exists only on papers and only to finance her beautiful life in Thailand, it was never possible to cooperate.

Her new name on Facebook is Steph Diamond. What do you need a false name for, if you are honest and have nothing to hide ???

I wouldn't matter what she is doing on Samui now, but as long as she still spreads lies on her homepage about us I continue to warn her.

I expect her to finally take of the pictures of Janice from her webside as well as the lies about her non-existent organization that has worked with us. I have repeatedly asked to do so.

For the animal lovers who are new to my Facebook page and do not know who Stephanie Abrahamsson is and what she has done, I refer to my post dated 15/02/2016 on my Facebook page.

I wonder if her disguise will work....?

I`m just glad that she has (hopefully) left Samui.
